

## **BILAT USA 2.0 EU-US Innovation Conference**

*Session 7 Expert Roundtable: Building transatlantic bridges*

**Session Leader: Sinan Tumer/ Sr. Director SAP Co-Innovation Lab**

**Brussels January 15, 2015**

- The framework conditions
  - IPR, standards, norms, guidelines and major legal issues, data security, funding instruments
- What would be a best practice example in building a transatlantic bridge towards good entrepreneurial conditions to stimulate innovation?
- Joint framework conditions such as common standards and norms and a joint legal language
  - Which bridges need in particular to be re-built or constructed for Transatlantic STI Cooperation?
- Which obstacles did you face during your careers due to different administrative and legal systems in the US and in Europe?
- What is the main difference regarding IPR in Europe and IPR in the US?
  - Is there a joint playground?
