Objectives of BILAT USA 2.0 and ERA-Can+

ERA-Can+ and BILAT USA 2.0 promote cooperation between the EU and respectively the USA and Canada in science, technology & innovation by

- Enriching the policy dialogue:
 - Identification of areas of mutual interest
 - Development of implementation plans to advance cross-Atlantic research activities
 - Analysis of US & Canadian and European policies, programmes and project participation for further understanding of existing US & Canadian and European cooperation and opportunities for increased collaboration
- Stimulating transatlantic research and innovation cooperation
 - Raise awareness of the funding and cooperation opportunities available
 - Provide support to researchers, innovators and research managers
- Enhancing coordination
 - Between programme owners, sector leaders and networks in Europe and Canada & US
 - Support the Canadian Network of National Contact Points (NCP)
 - Support US knowledge of the European Framework Programme
